

MOTION BY SUPERVISOR DON KNABE

April 13, 2004

The County of Los Angeles Public Library and libraries across the country will celebrate National Library Week on April 18 through 24, 2004.

This celebration recognizes the many ways in which libraries contribute to their communities, to individuals seeking knowledge and enjoyment, to students and the formal educational process, and to the development of an informed populace.

Libraries provide equitable access to information via technology and a wide range of resources. Library customers are able to make decisions utilizing the best information available as it affects their lives and those around them.

The County of Los Angeles Public Library, with the support of the Los Angeles County Board of Supervisors, increasingly plays a vital role in the education and well-being of children and adults, offering them materials, services, and programs that provide enrichment to the lives of over three million people residing in Los Angeles County.

THEREFORE, I MOVE THAT the Board of Supervisors declare April 18 through 24, 2004, as National Library Week in Los Angeles County, and urge the public to participate in library activities during this week and throughout the year.
